

Resources and support

Education packs

Education packs are available for the workshop programmes. These contain background information, technical explanations, worksheets and follow-up suggestions for extension work that can be done back in the classroom. A copy is provided free of charge when combined with a workshop experience (Maths, Science & Technology).

Image resource packs

There are a number resource packs which are available for loan to schools. These contain laminated photographs taken directly from Museum archives together with other image and text resources. There is a variety of over-arching themes which relate to the educational programmes. These packs are loaned free of charge when combined with a role-play or explore, discover and learn museum experience. Otherwise a charge of \$5.00 per pack for a 4 week loan period applies. Normal postage and packing charges may also be levied.

Kiwi kit

This resource includes textual and photographic information, photocopyable worksheets and mounted taxidermy specimens for studying all aspects of kiwi conservation. The kit is loaned free of charge when combined with a Kiwi connexions workshop experience. Otherwise a \$50.00 charge for a 4 week loan period applies. Normal postage and packing charges may also be levied.
